REFUNDS & EXCEPTIONS

Should there be a resurgence of the Covid pandemic, please note that all of The Center's instructors are trained in teaching virtually. They will quickly transition classes to an online format without loss of class time or quality of content.

We will monitor any significant increases in Covid cases or other public health circumstances and determine if The Center needs to be closed to the public for a period of time, with classes moved to an online format.

In the event of a closure of The Center, children will be sent home with art supplies on the day of their last in-person class.

There will be no refunds for classes that were scheduled to take place on-site but were moved to an online format for health and safety purposes.

There will also be no refunds for students removed from class for failure to observe The Center's Health and Safety Policies and Procedures.

Ceramics students

In the event of a closure due to a resurgence of the Covid pandemic or another health emergency, a refund in the amount paid for the remaining classes will automatically be issued to the student's account.
