## Artist Statement

Title: *reclaiming*

what was wounded, repressed, suffocated  
yearned to, needed to, demanded to  
be felt, to be expressed, to be freed,  
to be held, to be healed, to be honored.

darkness and light - spirals unveil, unfold, reveal

what has always been true  
being reclaimed, re-integrated, re-remembered.

all along, nothing else, but  
to be whole.  
to be love.  
to be.
